WRITING

Television is a part of our life. More and more people spend time watching TV. We can highlight both advantages and disadvantages. 12

Television has such advantage as helping children to learn about the world. They learn about such topics as history, science, nature. That's why it's important to watch useful programs. Another advantage is the entertainment programs. They help children develop their imagination. 63

A big disadvantage of TV for children is the loss of vision. These days it is a big problem. To prevent this happening you need to watch TV only one hour a day. Also, in the modern world, more and more children are becoming aggressive. Children's behavior and speech are deteriorating. I think parents should monitor how much and what their children watch. 126

In conclusion, I want to say that TV is a good and educational thing but only if you follow certain safety rules. For example: ~~when~~ ^{while} watching TV you should be at least 2-3 meters away from the screen and ¹ programs ² according to age. ^{lex}
